About SCHEPERS

Passion incarnated...

SCHEPERS nv has been manufacturing renowned fine meat products for 75 years, specialising in cured and smoked cooked meats of the highest quality. The absolute top of our range is the 'Filet d'Anvers Extra', smoked beef.

All our products are made with craftsmanship and passion. And you can taste it. Slice after slice. And clients are more than happy to pay that little bit extra for them.

Old traditional recipes are combined with fresh raw materials and state-of-the art production methods and materials. The result is a rich assortment of meat products that are being consumed by an increasing number of gourmets – even abroad.

We are also available to customise products according to the requirements of our clients so that we find the best solution for their needs.

Anyone who tries Schepers nv meat products will not put up with less.

Quality

Quality you can taste...

SCHEPERS nv makes it a priority in all its processes. In the choice of its staff, in the service it offers and of course in the finished products. Not a single detail escapes us. And we keep a constant eye on it.

This is an effort that yields its fruits. In 2005 we obtained the highest level of the international quality norm – the IFS Higher Level (International Food Standard). The best proof that both the hygiene, the personnel, the production environment as well as the processes are all at the top of the scale.

We are also ahead in terms of quality because we use only the very freshest raw materials when it comes to meat and because of the time that spend on drying, smoking and curing our products. We invest in patience.
